WHEREAS, KU administration has developed a comprehensive plan for expanding The Central District under Goal Six of Bold Aspirations, which includes the creation of Innovation Way, and

WHEREAS, under Bold Aspirations, Strategic Initiative Theme 1: “Sustaining the Planet, Powering the World” states “KU can serve as a living sustainability laboratory for transportation systems, water quality, ‘green’ construction, public understanding, and the humanistic and socio-cultural implications of sustainability in daily life,” and

WHEREAS, the United States Green Building Council (USGBC) designates LEED certification that “provides independent verification of a building or neighborhood’s green features, allowing for the design, construction, operations and maintenance of resource-efficient, high-performing, healthy, cost-effective buildings,” and
