PETITION FOR EXPEDITED PROCEEDINGS

In concurrence with the earlier filed writ of certiorari, petitioner Mady Womack requests expedited proceedings regarding the writ. This is allowed under Appendix P of SSRR, per Rule 16: “A Request for Expeditious Proceedings may be filed concurrently with documents to initiate action in this Court.” Given that Student Senate Elections are taking place in less than a week, and the candidacy of 47 students is at risk, this request meets extraordinary circumstances. Per SSRR 7.1.1, regarding elections, “Article VII is enacted in order to ensure the most favorable possible atmosphere for the exercise of the students’ right to vote.” Resolving this matter in a timely fashion will create a more favorable atmosphere for voting, as coalition members knowing their candidacy status will allow them to more effectively campaign. It is also critical that the student body be aware of who will be running for Student Senate so that they can do research and make an informed decision before voting. With the election rapidly approaching, and the Elections Commission dealing with preparing for the election, I request that this matter be resolved expeditiously in order to ensure the integrity of the election.

Respectfully submitted,

/s/
